VILLA IS AGAIN MAKING GETAWAY

Mexican Bandit Leader Has Reached Santa Clara Canyon District

EL PASO, Sept. 18.—Two columns of Government cavalry under General Matiaf Ramos at Jose Marrero today were pursuing Villa and his main band, which Saturday made the Hidalgo day attack on Cl huahua city, in-to the rugged Santa Clara canyon district to the northeast according to reports to General-Francisco Gonz ales commandant in Juarez.

The bandits are well mounted and apparently were leading the de facto forces over the jagged rocks into the canyon. Persons familiar with the country say should Villa reach one of his lairs in the district the Government troops may have the createst difficulty in finding him.

Today's reports state that Villas'

forces numbers approximately 1500 and is opposed by the garrison of about 7000. The Villa sacualities also were said to be considerably lar-ger than at first indicated. From the number of dead and wounded picked up by pursuing forces it was estimated the losses were probably about 250.

INDUSTRIAL FAIRMONT

The Universal Products company which is one of Fairmont's most effi-cient produce houses and is located in the old Normal school building at the corner of Main and Quincy streets. will soon start the manufacturing of several drug store supplies such as castor oil and all kinds of flavoring This is the home of the UPROCO products and being not quite one year old has a very extensive business. Goods manufactured by this factory are being shipped into fourteen states. The house at present is putting out 12 different veterinary remedies. This plant does most of its own printing and puts out from five to twenty thou-sand pieces of advertising per week. At present about twenty-five people are employed by the company.

The sweetest smelling of all the industries in Fairmont is to be enlarg-ed and expanded since H. W. Leaman, the florist, has taken Wallace Tither-ington, of Philadelphia, into a partnership in his business on Pike street and they have constructed three new glass houses for the growing of car-nations. These new house are 18 by 60 feet in size and will add 4,000 feet of new glass covered growing space. About 2,000 more carnation plants can be grown in this space and each plant will average twenty-five carnations during the season. Mr. Titherington is the brother of Thomas Titherington, of this city. The new partners are planning to open a cut flower store near the center of the city as soon as a suitable location can be found.

The Monongah Service company, which was announced as a water sup-ply company, is evidently going into the electric light and gas business as well as they have formally filed notice with the recorder of the town of Monongah for a franchise to construct gas lines and erect lighting poles. Whether this company will manufacture power and gas or merely act as agents for the Monongahela Valley Traction company has not been stated.

Work on the steel frame of the new fairmont hotel building was begun this week, the large crane for the handling of the heavy steel members being erected last week. The old mine being erected last week. The old mine under the hotel site which was feared might cause trouble in building the foundation is being filled with stone and cement. This mine will be filled solid with this material and any future possibility of trouble from this source will thus be avoided. Laborers are much in demand on this job and twenty-five more than are now employed
